Dear Sir/Madam,

CIRCULAR 2/2019: DELIMITATION OF WARDS 2019-2020 IN PREPARATION FOR THE 2021 LOCAL GOVERNMENT ELECTIONS

PURPOSE

1. To share the 2019-2020 ward delimitation programme with Municipal Demarcation Board (MDB) stakeholders; and
2. Provide all stakeholders with an update on the progress regarding the ward delimitation process.
3. To urge all affected stakeholders and municipalities to communicate contents of this circular to members of the public and encourage participation in the ward delimitation process.

BACKGROUND

4. In 2018, the MDB concluded the technical municipal boundary re-determination process. As indicated in MDB Circular 1 of 2019, the MDB will not be conducting municipal boundary re-determinations until after the 2021 local government elections. This is in view of the need to minimise disruptions to the ward delimitation process, ensure sufficient time for both the ward delimitation process and the preparations for local elections.
5. In terms of section 157(4)(a) of the Constitution read with Schedule 1 to the Municipal Structures Act, Act No 117 of 1998, the MDB has the sole responsibility to delimit wards for every new term of office of municipal councils. This requires that the MDB, after consultation with the Independent Electoral Commission (IEC), must delimit all metropolitan municipalities and local municipalities for the purpose of local elections.

SUMMARY OF WARD DELIMITATION PROCESS

Education and awareness campaign

6. In view of the lessons learnt in the previous ward delimitation processes, it has been observed that most of the members of the public and stakeholders do not fully comprehend processes involved in the delimitation of municipal wards. As a result, the MDB took a decision to embark on public and stakeholder education and awareness campaign before commencing with the actual ward delimitation process.
7. During February and March 2019, ward delimitation education and awareness sessions were held in most municipalities in the Eastern Cape, Kwazulu-Natal, Free State, Mpumalanga and North West. These sessions mainly targeted Ward Committees, Community Development Workers and Members of the Public.
8. From May to June 2019, the MDB held further education and awareness sessions in most municipalities in Gauteng, Limpopo, Northern Cape and Western Cape.

Formulae and the number of councillors and wards

9. Before the MDB can commence with the delimitation of wards, the Minister of Cooperative Governance and Traditional Affairs (COGTA) is required, in terms of the Municipal Structures Act, to determine the formulae for determining the number of councillors for different categories of municipalities.
10. The formulae were published on 5th July 2019 in Government Gazette number 42568 and Notice number 967.
11. MECs for Cooperative Governance followed suite and published the number of councillors for each municipality in the relevant Provincial Gazettes.

The MDB has no mandate to deal with the formulae or the number of councillors, and stakeholders are requested NOT to make any representations to the MDB in this regard.

The first set of draft ward maps

12. After the number of councillors are published, the MDB determined the number of wards per municipality by dividing the published number of councillors by two.
13. Having determined the number of wards, MDB calculated and determined the norm (*which is the average number of registered voters per ward*) and the 15% variances (see **Annexure A** for detailed information per municipality and, per province).
14. Thereafter, MDB prepared the first set of draft ward maps. These have no legal status but merely serve as a starting point for discussion on possible configuration of municipal wards during the technical consultation process.
15. The process to prepare first set of draft wards, i.e. technical consultations, commenced in September 2019 and it is anticipated that the process will be concluded by the end of October 2019 (see **Annexure B** for schedule and progress to date regarding technical consultations).
16. These consultations are purely technical and are an initiative by the MDB, working together and in cooperation with municipal technical experts (GIS Technicians, Technocrats, Planners etc), to seek the optimal configuration of the first draft wards in line with applicable criteria. Notwithstanding this, further opportunities later in the programme gives everyone a chance to participate in the ward delimitation process.

WARD HANDOVER OF FINAL WARDS TO IEC		AUGUST 2020	MDB

18. There are three (3) major milestones identified for 2020 which follows immediately after the preparation of draft wards, including:

- Firstly, undertaking public consultations in the affected municipalities between February and April 2020. To prepare for this, the MDB would require assistance from municipalities to facilitate suitable venues for the purpose of ensuring that members of the public are afforded the opportunity to participate in the envisaged consultation processes.
- Secondly, the MDB must complete and finalise the legal process for the delimitation of municipal wards in May 2020. All municipal and metropolitan ward boundaries will be published in the relevant provincial gazettes.

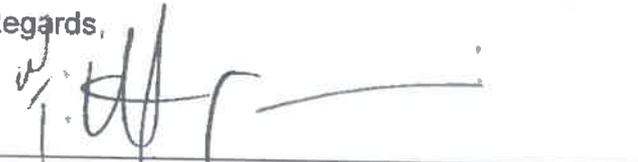

Members of the public and stakeholders who are aggrieved will be afforded an opportunity to object to the MDB's delimitation of wards before final decisions are taken.

- Lastly, the ward delimitation process will be concluded by handing over the final ward boundaries to the IEC by August 2020.

CONCLUSION

19. The MDB would like to thank municipalities for their support and participation during the education and awareness campaign.
20. The MDB wishes to pledge its commitment to meaningful citizen engagement and appeal to all affected stakeholders and municipalities to assist in ensuring that affected members of the public participate in this process.
21. The success of MDB's work is dependent on collaboration with all stakeholders including: municipalities, provincial departments responsible for local government, traditional leadership, political parties, members of the public, etc.

Regards,

Mr TM Manyoni
