### **Water and Electricity Interruption Ward 6**

The municipality is aware of no supply in some areas of water and electricity in Umasizakhe.

The Waterworks department worked throughout the night and managed to fix the problem temporarily. They will however work on the problem again to today (30/10/2018) to ensure it is in the proper working condition.

The electricity departments suspect a breakage of an underground cable. Eskom has been notified and the municipality has been deployed to assist in finding the problem. They will work throughout the day to assist in getting the electricity supply working as soon as possible.

Thank you for your patience.

Dr. E. M. Rankwana  
**Municipal Manager**

### **Water en Elektrisiteitsonderbrekings Wyk 6**

Die munisipaliteit is bewus van geen voorsiening in sommige areas van water en elektrisiteit in Umasizakhe.

Die afdeling Waterwerke het dwarsdeur die nag gewerk en kon die probleem tydelik oplos. Hulle sal egter vandag (30/10/2018) weer aan die probleem werk om te verseker dat dit in die regte toestand is.

Die elektrisiteitsdepartemente vermoed 'n onderbreking van 'n ondergrondse kabel. Eskom is in kennis gestel en die munisipaliteit is ontplooi om te help met die probleem. Hulle sal dwarsdeur die dag werk om te help om die elektrisiteitsvoorsiening so gou as moontlik te laat werk.

Dankie vir u se geduld.

Dr. E. M. Rankwana
