

NOTICE TO ALL LAND DEVELOPMENT APPLICANTS

TEMPORARY SUSPENSION OF ADVERTISING PERIOD FOR LAND DEVELOPMENT APPLICATIONS: 1 DECEMBER 2025 TO 15 JANUARY 2026

Dear Applicants/ Property Owners

Please be informed that the advertising period for all land development applications submitted to the Dr Beyers Naudé Local Municipality will be temporarily suspended from **1 December 2025 through 15 January 2026**.

In order to ensure that the statutory advertising obligations are duly fulfilled, all advertising for such applications must be completed on or before **30 November 2025**. Any application that is not advertised by that date will only be processed for public notification from **16 January 2026** onward.

This measure is adopted in the interests of procedural fairness and transparency and to ensure that public participation is thoroughly done and the public is given reasonably time to view and comment on development proposals.

Applicants are therefore advised to plan accordingly and ensure that all advertising measures (site notices, newspaper notices, registered letters as may apply) are completed before the deadline given above. Please note that any advertisement commenced after 30 November 2025 will not be considered leading to readvertising of the application once the advertising period recommences in January 2026.

We appreciate your cooperation in this matter and attention to these procedural requirements.

Happy Holidays!

Yp **DR EM RANKWANA**
MUNICIPAL MANAGER
